Pray for Snow Party at Purgy's Grand Opening on November 29th

Celebrate the opening of the new Purgy's on Saturday, November 29th 3:00-6:00 pm

Durango, CO If you're a local, you probably have fond memories of Purgy's. There was never enough seating, the bar was crowded, antiquated bathrooms, and the leaky roof...oh no, not those memories! Last season we said goodbye to our legendary day lodge, which had been a fixture at Purgatory since the 1960's. The new Purgy's day lodge is a fantastic après ski hangout for locals and skiers. This season we say hello to a new Purgy's and we invite you to join us for the celebration.

The grand opening of Purgy's will be held on Saturday, November 29th from 3:00 pm - 6:00 pm. Ralph Dinosaur, Durango's favorite cross dressing, classic cover playing rocker will help christen the new day lodge with memories of the days he played at the old Farquarts. Special brews from Steamworks, local favorite drink specials, and complimentary appetizers from the new Purgy's menu will also be provided.

The restaurant and bar have almost doubled in size, with spectacular views of the slopes from floor to ceiling windows, and a toasty fireplace for warming up. During the day a new food-cart will offer a variety of healthy lunch options including a carving station, customized salad station, personal pizzas and numerous grab and go options. There's also a great coffee bar offering cappuccino, espresso, fresh pastries, and fruit. The new log bar area provides much more room and the most awesome beers on tap in Durango, all set amidst the logs harvested from Purgatory's ski trails. And in the evening, the tablecloths will come out and Purgy's will offer one of the best family dinner settings in town. The dinner menu features smoked salmon, roasted chicken, bison meatloaf, specialty pizzas, great soups, salads, and heavenly deserts. Live music will entertain Thursdays through Sundays and the new outdoor Cabana Bar will provide slope-side drinks and grill fare right on the beach.

It's going to be a great season at Purgatory Mountain our base village has been totally overhauled to make your experience much more fun and hassle-free. With better access to guest services, upgraded amenities, and new shopping and dining across the resort - it's a whole new destination for our locals.
